

**Say goodbye to trash smells, illegal dumping,
and overflowing garbage. It's time for your waste
to go underground.**

EarthBin® is an in-ground waste disposal bin that makes you save time, stress – and money.

This innovative solution to industrial waste is not only functional, solving many of the issues caused by inadequate waste management, but it looks good too, blending into its surroundings seamlessly.

EarthBin® is a game-changer for: Chain Restaurants, Outdoor Malls, Retail Stores,
Universities, and Schools.

BENEFITS FOR THE EARTH

- Lockable front and rear doors provide separate areas for waste and recycling.
- Garbage cools naturally underground meaning less odor and air pollution.
- The bin holds a higher capacity of waste, meaning less trucks on the road for less time.
- Sealed underground canister protects the earth from leaking contaminants.

BENEFITS FOR YOUR BUSINESS

- Improved curb appeal.
- Security locks prevent pests and illegal dumping.
- Easy to install and use.
- Durable in all seasons.

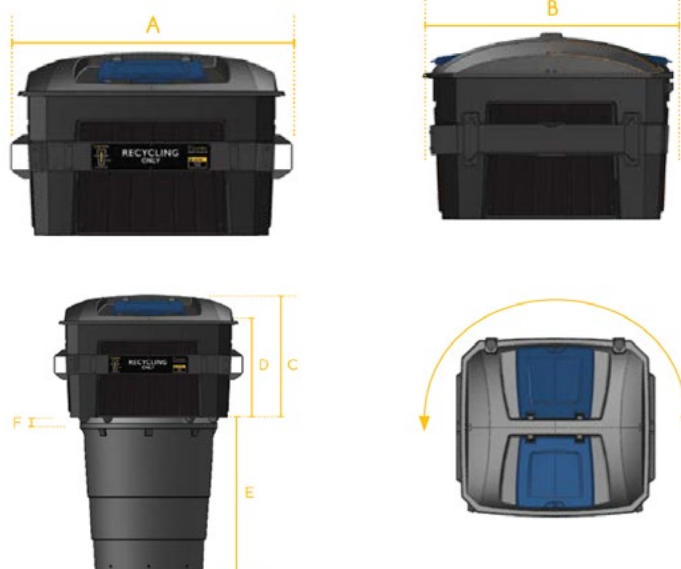

GENERAL SPECIFICATIONS

EarthBin® is designed by Canadian engineers.

The bins are recyclable and constructed from high-quality warp and fade-resistant plastic with heavy-duty parts. Unlike traditional waste bins, EarthBin® is made from anti-corrosive material and requires very minimal maintenance.

EARTHBIN® PREMIUM	
Model	EB500
Capacity/Volume	6.5 cu. yd. (5000 litres)
Capacity/Weight	2600 lbs (1200 kg)
Width (A)	80 in. (203 cm)
Length (B)	70 in. (178 cm)
Height (C)	55 in. (140 cm)
Feed Height (D)	49 in. (124 cm)
Depth In-Ground (E)	62 in. (158 cm)
Ground sleeve height above finished grade	4 in. (10 cm)
Waste Feed Opening	19 x 24 in. (48 x 61 cm)
Cardboard Feed Opening	3.5 x 24 in. (9 x 61 cm)
Weight (Empty)	750 lbs (340 kg)
